MISSION STATEMENT & EXPECTATIONS FOR LEARNING

The Hamilton-Wenham Regional School community strives to create a passion for learning in a reflective environment that promotes respect, individuality and quality achievement. By working to reach their greatest potential, Hamilton-Wenham students will learn to live as life-long learners, express themselves effectively, acquire essential knowledge and skills, respect themselves and others and navigate within a variety of communities.

Course Description

The *Study* block is intended to provide a quiet area for students to work independently on school-related assignments and tasks to prepare for any classes and/or to complete make-up assignments. As a fixed part of students' schedule the Study block can best be managed by each student and is often a time that students allocated to themselves for completing homework assignments,

Resources

Students *may* be able to utilize Library resources during their study. If a student wishes to go to the library during their study block they should check in at the library at the before the school day begins. The Library has space allocated for study hall use but is managed on a first-come-first-served basis. If there is space available the students will be given a hall pass from the library staff – students should report to their study classroom teacher for attendance before proceeding to the library.

Feedback

Questions, comments and feedback are always welcome. For any concerns about student progress or course material please contact the classroom teacher first, and the department curriculum leader as needed to address any issues.
